Dear Bryant Service Club

I wish to thank you for the sweet letter you sent me and the list of my fellow graduates who are in the Service. I have wanted to know where some of them were and I have written to some of them.

We are down here waiting for shipment after traveling all over the country trying to find a place. I am the only rodeo man in the outfit and am enjoying the life of Riley. We have a completed outfit now and are ready to move I hope. I have tried to get a furlough but they are harder to get than a pay raise. We work on B-17 and 24's and they sure are head aches. Well I wish you luck on the coming year and hope to be back soon for that reunion you speak about.
